Discoball - finnaly out ?

Me and Fabio just put ourself the question : "OK, but when the Discoball finally goes out ?"  
A good question, because this project is an older one, and i think is time to build him up. So, we decide to make a move on, to reconnect our millions of good vibes and to finish this project. That means a good damn provocation for us, but hey... what the hell, just let's make some good noise !  
Just stay tuned, we'll be back soon with more news about !
